

ULSTER COUNTY BOCES

Student Involvement in Public Information Program

POLICY # 1140

The participation of students in interpreting the educational program of the schools to the community shall be encouraged, with the understanding that the best possible community relations grow from a superior teaching job in the classroom. Enthusiastic students with serious intentions, well directed by sympathetic and capable teachers, are certain to communicate with parents and community. The BOCES believes this is the cornerstone of good community relations. In addition we believe that:

1. Students shall not be exploited for the benefit of any individual or group and shall participate only in appropriate situations.
2. The use of students shall always be evaluated in terms of the effect on the child.
3. Students shall not solicit or promote BOCES issues without the approval of the Superintendent's office.
