

ULSTER COUNTY BOCES

Curriculum Development

POLICY # 4200

A program of curriculum development and improvement shall be established by the district to meet the needs of the children of the school district and in compliance with regulations of the State Education Department. A continuous review and upgrading of all components of the curriculum shall be the responsibility of the administration and the professional staff. Changes in the curriculum shall be adopted by the Board on the recommendation of the District Superintendent.

Approved: August 15, 1991
