

ULSTER COUNTY BOCES

Instructional Resources

POLICY # 4500

The Board of Cooperative Educational Services Instructional Advisory Council will respond to prescribed district needs when at least two or more districts express a cooperative interest in a service. Additional district proposals submitted to the Center will be reviewed by the Instructional Advisory Council, and recommendation for action will be made to the Ulster County Superintendents' Council. It is vital that the Center create an awareness of new educational programs and ideas that may be valuable to the county.

Approved: August 15, 1991
